ELECTRICAL ENGINEERING
ENERGY CONSERVATION
STRUCTURAL ENGINEERING

INTRODUCTION

W. AND ASSOCIATES's group activities started in early 1965. Group activities were focusing on M&E engineering design services. In 1973, W. AND ASSOCIATES ROP. was then established to be consulting firm specializing in Mechanical, Plumbing, Sanitary, Electrical and Telecommunication .

During Thailand's booming economy, W. AND ASSOCIATES Consultants Co., Ltd. and W. AND ASSOCIATES Designs Co., Ltd. were established to cope with the fast-expanding real estate business. W. AND ASSOCIATES engineers had under taken responsibility of numerous projects for various engineering services, both design and construction supervision. Engineering services include electrical power, lighting, fire alarm system, security system, sound system, telephone system, telecommunication system, building automation system, air-conditioning system, ventilation system, smoke control system, vertical transportation, plumbing system, sanitary system, waste treatment system, computer site support system and other related systems for several major buildings and factories in Thailand.

Moreover, in 1996, W. AND ASSOCIATES has been one of companies approved by Department of Energy Development and Promotion (D.E.D.P.) for being registered as a consultant company in energy conservation program initiated by D.E.D.P. W. AND ASSOCIATES, as a registered consultant company, will be auditing the designated buildings and factories, which cover thousands buildings nationwide, to improve building's energy

In 2012 the group has begun the service in Civil/Structural Engineering discipline with all engineering disciplines included in one umbrella, the group now is focusing on providing one-stop, all-in-one engineering service for the client.

MESSAGE FROM PARTNERS

Our company is one of the earliest Thai owned consulting firms specializing in Building System (1965) / Civil and Structural Engineering Designs (2012). From the beginning, our company's philosophy has always been ethical practices with good and practical engineering designs. Our design principles for all of our projects are functionally advanced and economical designs meeting the present and future requirements of our clients, energy saving, ease of operation and maintenance. We will do our utmost to offer the designs which best serve our clients.

ENGINEERING SERVICES

CIVIL AND STRUCTURAL DESIGN

- 1.1 Structural work
- 1.2 Civil and Infrastructure work
- 1.3 Earthwork
- 1.4 Site Drainage
- 1.5 Investigation of Structural Integrity
- 1.6 Non-Destructive Structural Test

MEP DESIGN

- 2.1 ELECTRICAL SYSTEMS
 - 2.1.1 Power
 - 2.1.2 Lighting
 - 2.1.3 Grounding
 - 2.1.4 Emergency Power
- 2.2 TELECOMMUNICATION SYSTEM
 - 2.2.1 Premise Distribution System
 - 2.2.2 PABX
 - 2.2.3 Telephone Wiring System
 - 2.2.4 High Speed Data Cabling System

2.3 FIRE ALARM SYSTEM

- 2.4 SECURITY SYSTEM
 - 2.4.1 Closed Circuit Television (CCTV)
 - 2.4.2 Access Control
 - 2.4.3 Burglar Alarm

2.5 AUDIO-VISUAL SYSTEM

- 2.5.1 Master Antenna Television system (MATV)

2.6 VERTICAL TRANSPORTATION SYSTEM

- 2.6.1 Elevators
- 2.6.2 Escalators

2.7 BUILDING AUTOMATION SYSTEM (BAS)

- 2.7.1 Energy Management
- 2.7.2 Comfort Control
- 2.7.3 Maintenance Management

2.8 SANITARY SYSTEM

- 2.8.1 Waste Water Treatment
- 2.8.2 Soil, Waste, Vent piping System
- 2.8.3 Site Drainage System

2.9 AIR CONDITIONING AND VENTILATING SYSTEMS

- 2.9.1 Exhaust and Ventilating System
- 2.9.2 Air-Conditioning System
- 2.9.3 Smoke Control System
- 2.9.4 Clean room System
- 2.9.5 Thermal Storage

2.10 PLUMBING SYSTEMS

- 2.10.1 Cold Water Distribution System
- 2.10.2 Hot Water Distribution System
- 2.10.3 Boiler Plant
- 2.10.4 Fire Extinguishing System
- 2.10.5 Sprinkler System
- 2.10.6 LPG Gas Piping System
- 2.10.7 Swimming Pool

PROJECT / CONSTRUCTION MANAGEMENT

- 3.1 Project / Construction Management
- 3.2 Site Supervision

OTHER SERVICES

- 4.1 ENERGY CONSERVATION
 - 4.1.1 Auditing Designated Buildings and Factories as a Registered Consultant to Department of Energy Development and Promotion
 - Registration Number (Building Category) : 12
 - Registration Number (Factory Category) : 45
 - 4.1.2 Energy Consumption Surveys in Building
- 4.2 VALUE APPRAISAL AND DUE DILIGENCE SERVICE

PROFESSIONAL RECORDS

HOTEL / RESORT

- 1.1 Banyan Tree Resort and Spa, Samui
- 1.2 W. Retreat and Residences, Samui
- 1.3 InterContinental Hua Hin
